The attached sheet lists some general comments regarding the evaluation of the bids that were received for this solicitation. These comments are intended to provide information regarding the bids that were received for this solicitation and to assist you in preparing bids for future solicitations.

GENERAL COMMENTS REGARDING EVALUATED BIDS

- Bid responses should include enough “original” language and thought that the knowledge and approach of the firm can be evaluated. The reason for this is that the bidders are not prequalified and so the evaluation committee must evaluate the technical aspects of the bid and bidder.
- Please include all requested information (insurance, qualification questions, cost spreadsheet, schedule, labor rates, etc.) in the bid submittal.
- Bids need to clearly accept the provided fixed price contract and include any requested changes to the aforementioned contract.
