**UNDERGROUND STORAGE TANK INDEMNIFICATION FUND**  
**NOTES TO FINANCIAL STATEMENTS**  
**As of June 30, 2014 and 2013**  
**and**  
**For the Fiscal Years Ended June 30, 2014 and 2013**

**NOTE A—BASIS OF PRESENTATION**

The Underground Storage Tank Indemnification Fund financial statements are prepared using balances reported in the SAP Finance Module as of the end of each calendar month during the Commonwealth's fiscal year. Most financial statement amounts are presented on an 'as reported' basis and typically do not include accruals, deferrals, reclassifications or eliminations which are posted as of fiscal year end for preparing basic financial statements in accordance with U.S. generally accepted accounting principles applicable to state and local governments.

**NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Temporary investments: Typically amounts invested in the Treasury Investment Program (TIP), either The Common Investment Pool (Fund 198) or The Treasury Liquid Asset Pool (Fund 99). Amounts invested in TIP Fund 198 are reported using published per-share net asset values, similar to how shares in a publicly-traded mutual fund are priced on a daily basis. Monthly changes in unrealized gains/losses are included in the Underground Storage Tank Indemnification Fund Statement of Receipts and Disbursements along with investment income. Amounts invested in TIP Fund 99 are almost always reported at a \$1.00 per-share basis, similar to a bank money market account.

Long-term investments: Reported by the Underground Storage Tank Indemnification Fund due to statutory authority giving the Department of Insurance permission to invest and manage amounts outside the TIP as a separate portfolio. Such amounts are typically reported at fair value based on security-specific closing prices on national exchanges, as provided by established pricing service providers.

Net Increase (Decrease) in Fair Value of Investments: Amounts consist of realized gain/loss on the sale of investments during the reporting period and unrealized gain/loss on investments currently held.

**NOTE C - CLAIMS LIABILITY - AVAILABLE (UNAVAILABLE)**

The Storage Tank and Spill Prevention Act, Act 32 of 1989, as amended, established the Underground Storage Tank Indemnification Fund to administer a program to provide claim payments to owners and operators of underground storage tanks who incur liability for taking corrective action, bodily injury or property damage caused by a release from underground storage tanks. Expenses for administration of the fund are also covered. The fund is administered by the Insurance Department in conjunction with a nine member Underground Storage Tank Indemnification Board.

Act 13 of 1998 established a new loan program to assist owners of regulated underground storage tanks to upgrade their underground storage tank systems to meet federal Environmental Protection Agency upgrade requirements or to remove them from service. Act 100 of 2000 expanded the upgrade loan program to include the removal of underground storage tanks. The act also established an environmental cleanup program and a pollution prevention program that are administered by the Department of Environmental Protection.

The Fund has assets of \$275 million at June 30, 2014. Based on the actuarial valuation as of June 30, 2013, the net unfunded liability for future claims is \$167 million at June 30, 2014.

**NOTE D - RECEIPTS AND DISBURSEMENTS**

Receipts/TIP Fees: Negative amount represents correction of Gallon Fees that were inadvertently posted to TIP Fees in FY2012.

Loan Administration Costs: Negative amount is due to quarterly adjustments to the allowance for uncollectable account that exceed loan administrative costs.
