BUREAU OF
SPECIAL FUNDS

Dear Mr. Norwood:

The Department of Environmental Protection (DEP) has reviewed your December 17, 2018, request for an alternative time frame for submitting a complete Site Characterization Report (SCR) for the release incident(s) referenced above.

Based on the information submitted and a conversation with the third-party reviewer, Groundwater Sciences Corporation, the request for an extension of the SCR due date is approved. The DEP has determined the new SCR submission date to be April 30, 2019. Failure to submit the SCR by April 30, 2019, may result in enforcement action by DEP, which can include civil penalty assessment and/or suspension of an operating permit.

If you have any questions, then please contact me either by telephone at (570) 826-2324 or through e-mail to susathomas@pa.gov.

Sincerely,

Susan E. Thomas
