Dear Mr. Ali:

The Department of Environmental Protection (DEP) has reviewed the documents titled "Site Characterization Report/Remedial Action Plan", dated August 2020, for the release referenced above. The documents were prepared by RT Environmental Services, Inc. and submitted as a Site Characterization Report (SCR) and Remedial Action Plan (RAP) as required by 25 Pa. Code Sections 245.310 and 245.311, respectively. You selected the non-residential, Statewide health standard as the remediation standard for soil and groundwater.

DEP approves the SCR and RAP in accordance with 25 Pa. Code Section 245.311(b)(1).

25 Pa. Code Section 245.312(a) specifies that remedial action shall be implemented upon approval of the RAP according to the schedule contained in the RAP. Remedial action should, therefore, commence immediately upon receipt of this letter and proceed in accordance with the schedule in the RAP until the selected remediation standard is attained.

Remedial Action Progress Reports must be submitted to DEP in accordance with Section 245.312(b-d) by the 30th day of the month following the end of each quarter (April 30, July 30, October 30, and January 30). The final RAPR is submitted as part of the Remedial Action Completion Report. Your first RAPR should be submitted no later than January 2021.

Failure to implement remedial action or submit complete progress reports in accordance with the schedule outlined above may result in enforcement action by DEP. If you wish to modify any part of this RAP or select a new remediation standard, you must prepare and submit a new or modified RAP to DEP in accordance with 25 Pa. Code Section 245.312(e).

Any person aggrieved by this action may appeal the action to the Environmental Hearing Board (Board), pursuant to Section 4 of the Environmental Hearing Board Act, 35 P.S. § 7514, and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A. The Board's address is:
